¹ The Computer based assessment option can only be developed when there are 10 or more countries interested

² A benchmark participant in terms of applicable fees is a sub-entity of a country that already participates in the study/option. The sub-entity must be clearly defined and unambiguously described. In case of a sub-entity of a country that is not participating and no other sub-entity is participating, the full participation fees apply. All benchmark participants will be reported in a separate table of the international report.
