The role of CIVED/ICCS in development of civic and citizenship education in Slovenia

- From the 1980s to 2019 in Slovenia.

CIVED/ICCS have had an impact on development of the CCE area in Slovenia!
Direct / indirect impact

- Participation in all cycles.
- Those coordinating CIVED or/and ICCS or using those datasets, have been actively involved in curricular reforms, in writing/editing syllabi and textbooks for compulsory subjects on CCE, in university lecturing, and in designing workshops for teachers. One researcher was even involved in the preparation of two coalition agreements between political parties that formed a government.

- Patriotism. ... responses in % (Governmental response)
Study 2010

- Two stage qualitative study to investigate the “impacts” of ILSAa on national policy-making in education.
- NRCs, expert and advisory board members, policy-makers (officers).
- Most media and expert interest???
  - TIMSS and PISA seem to be of interest in the media.
  - CivEd/ICCS for experts dealing with (the subject matter of) citizenship education. Changing???
• National framework for identifying and assuring quality in education (2017).

• Professional publications (monographs, articles, and national research reports) in the Slovene language that made an explicit reference to the ICCS in the title (also for MSc/BSc/PhD thesis in the key words).

• Members of a Consultative Body of the Ministers for Civic and Social Competences (in 2017) and other consultancy bodies for the ministry responsible for education and science (for a longer period), media coverage ... association of parents ... new White paper on Education in Republic of Slovenia.
