3 sessions

The Constantinos Papanastasiou Poster Prize

- This award recognizes, by popular vote, the best poster submitted to the IEA IRC.
- The prize was established in 2017 in recognition of Professor Constantinos Papanastasiou's enthusiastic, long-term contributions to building and supporting the educational research community we enjoy today.

The Constantinos Papanastasiou Poster Prize

- This year, we received the most submissions for an IRC poster session (23 poster submissions).
- We created a poster raffle to encourage poster submissions, and we promoted this via social media.
- The poster session was a great success. We organized a poster exhibition, and a meet and greet with the poster authors during a coffee break.
- Ms. Elodie Persem, Head of Accessibility, Innovation and Research Unit at the French Ministry of Education was named the winner by popular vote.

Keynote Presentations

Dr. Gerry Shiel

*Research Fellow at the Educational
Research Centre in Dublin*

Dr. Leslie Rutkowski

*Prof. of Quantitative Research
Methodology at Indiana University*

Dr. Carol Campbell

*Prof. of Leadership and Educational
Change at University of Toronto*

irc

IEA
International
Research
Conference

“The IEA IRC makes you feel you are a respected member of a beautiful big family.”

“The IRC gave me insight to high level research, expanded my knowledge about international large-scale assessment, and I both met with friends and gained some new ones.”

“The keynotes and sessions were very inspiring and of high quality. It was so great meeting everyone again. The organization of the conference was perfect.”

The next IRCs

23–27 June

June

2025

2027

Rome, Italy
